- **Health Education England (HEE) e-learning programme: End of life care for all**

End of Life Care for All (e-ELCA) is an e-learning programme that aims to enhance the training and education of health and social care staff and volunteers involved in delivering end of life care.

The programme was commissioned by the Department of Health and developed by HEE e-Learning for Healthcare (e-LfH), in partnership with the Association for Palliative Medicine of Great Britain and Ireland, to support the implementation of the Department of Health's 2008 national End of Life Care Strategy.
