

Step 1

Once Multi-Factor Authentication (MFA) is enabled on your account, sign in with your NHSmail account to begin the set up process at <https://portal.nhs.net/>

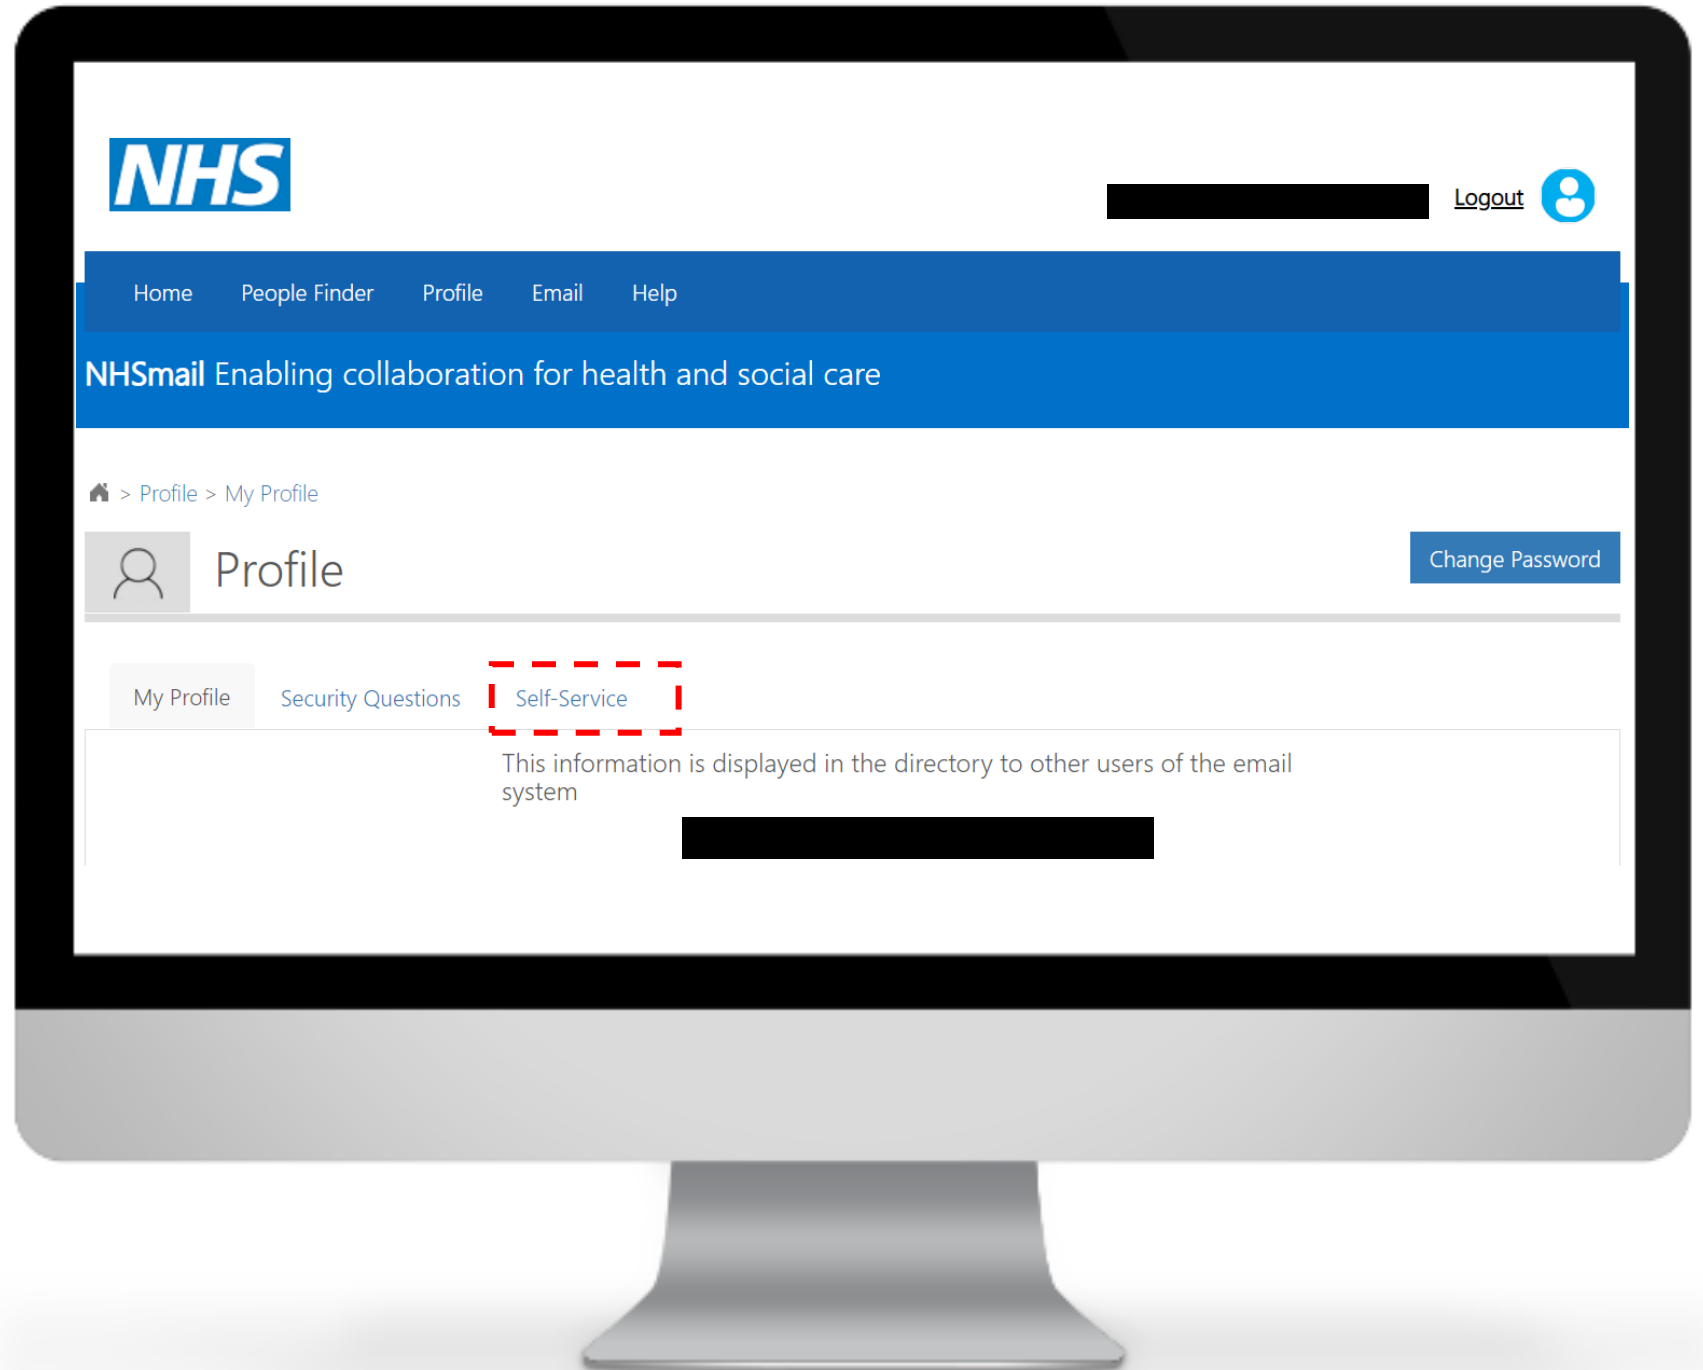

Step 2

Click **'Profile'** in the navigation bar at the top of the screen and select **'My Profile'** from the drop-down menu

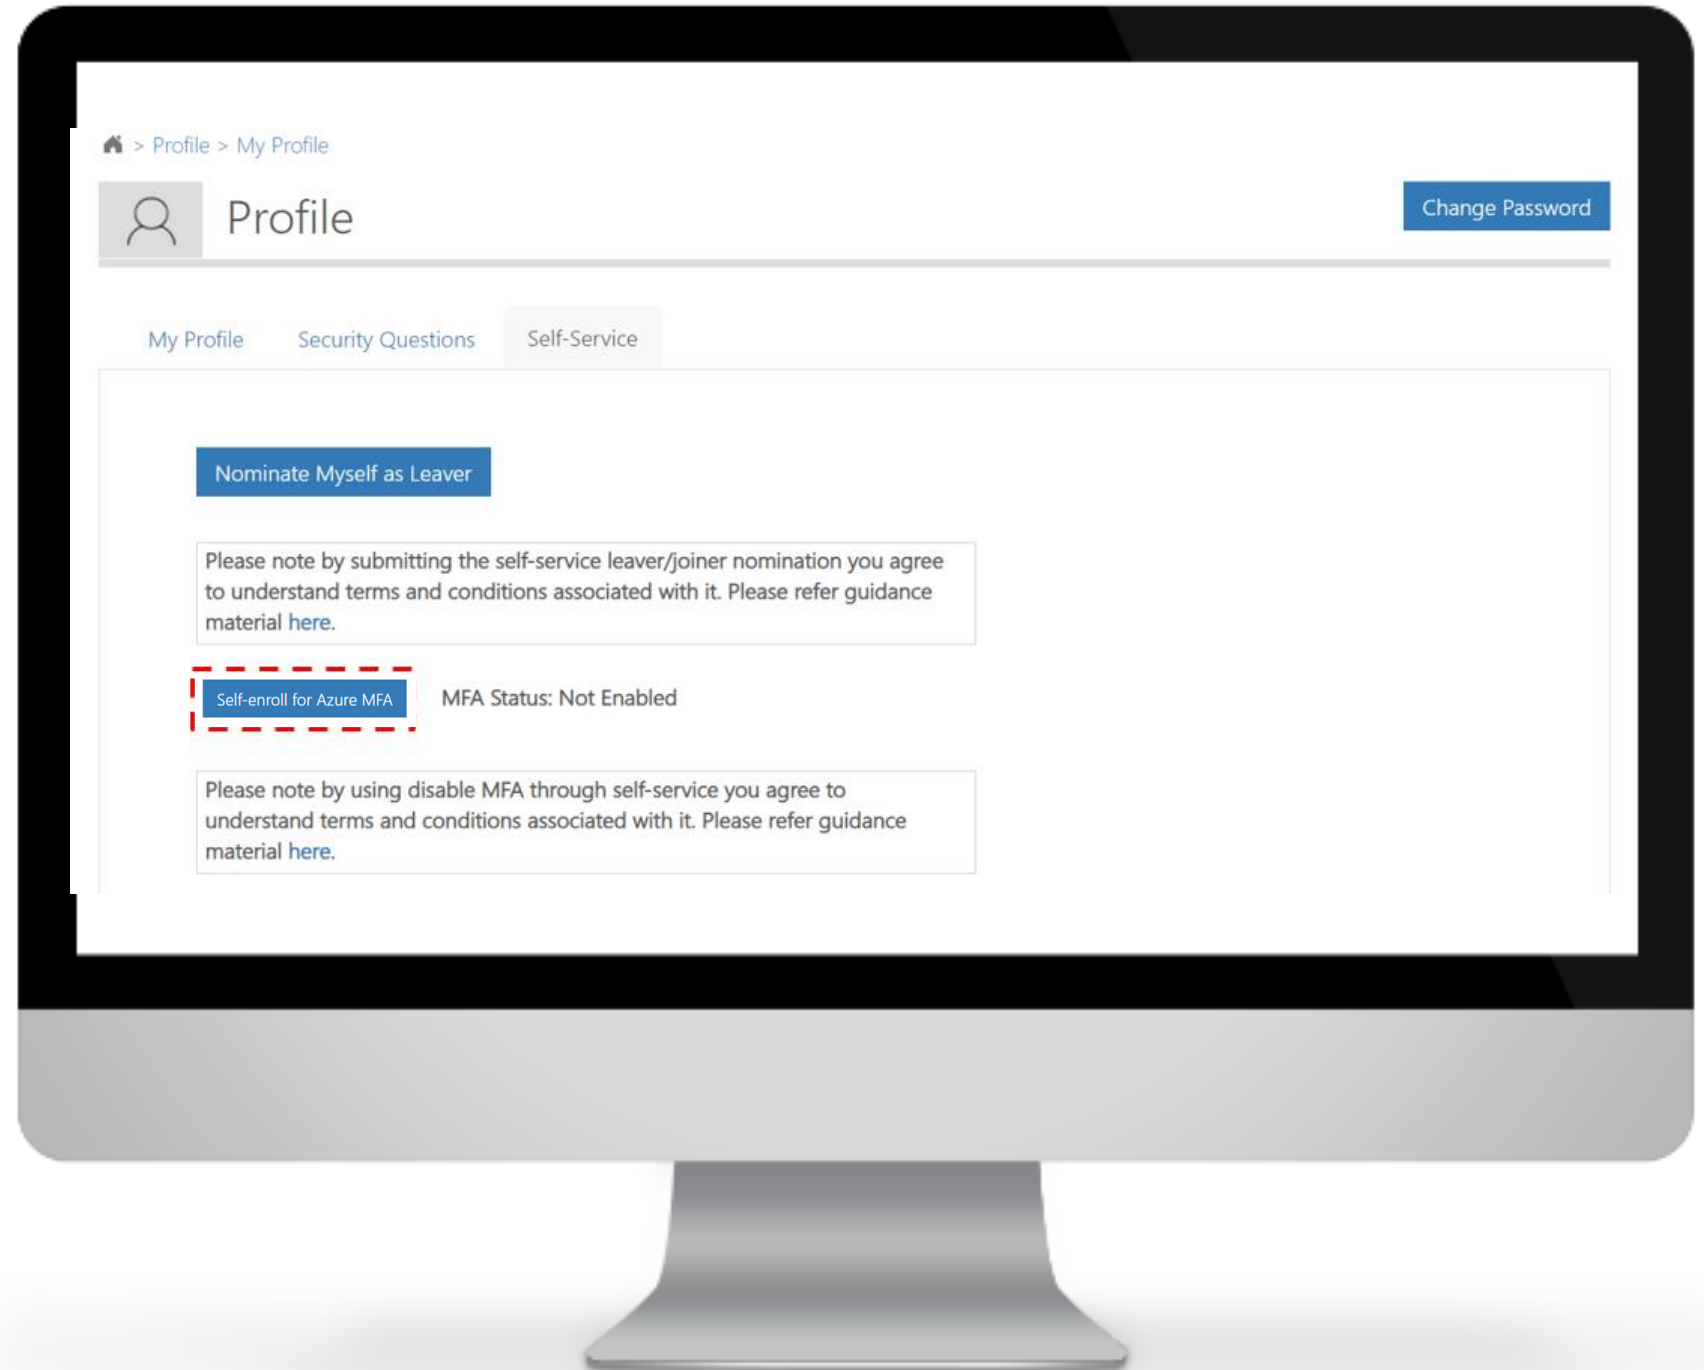

Step 3

From 'My profile' page, click on 'Self-Service'

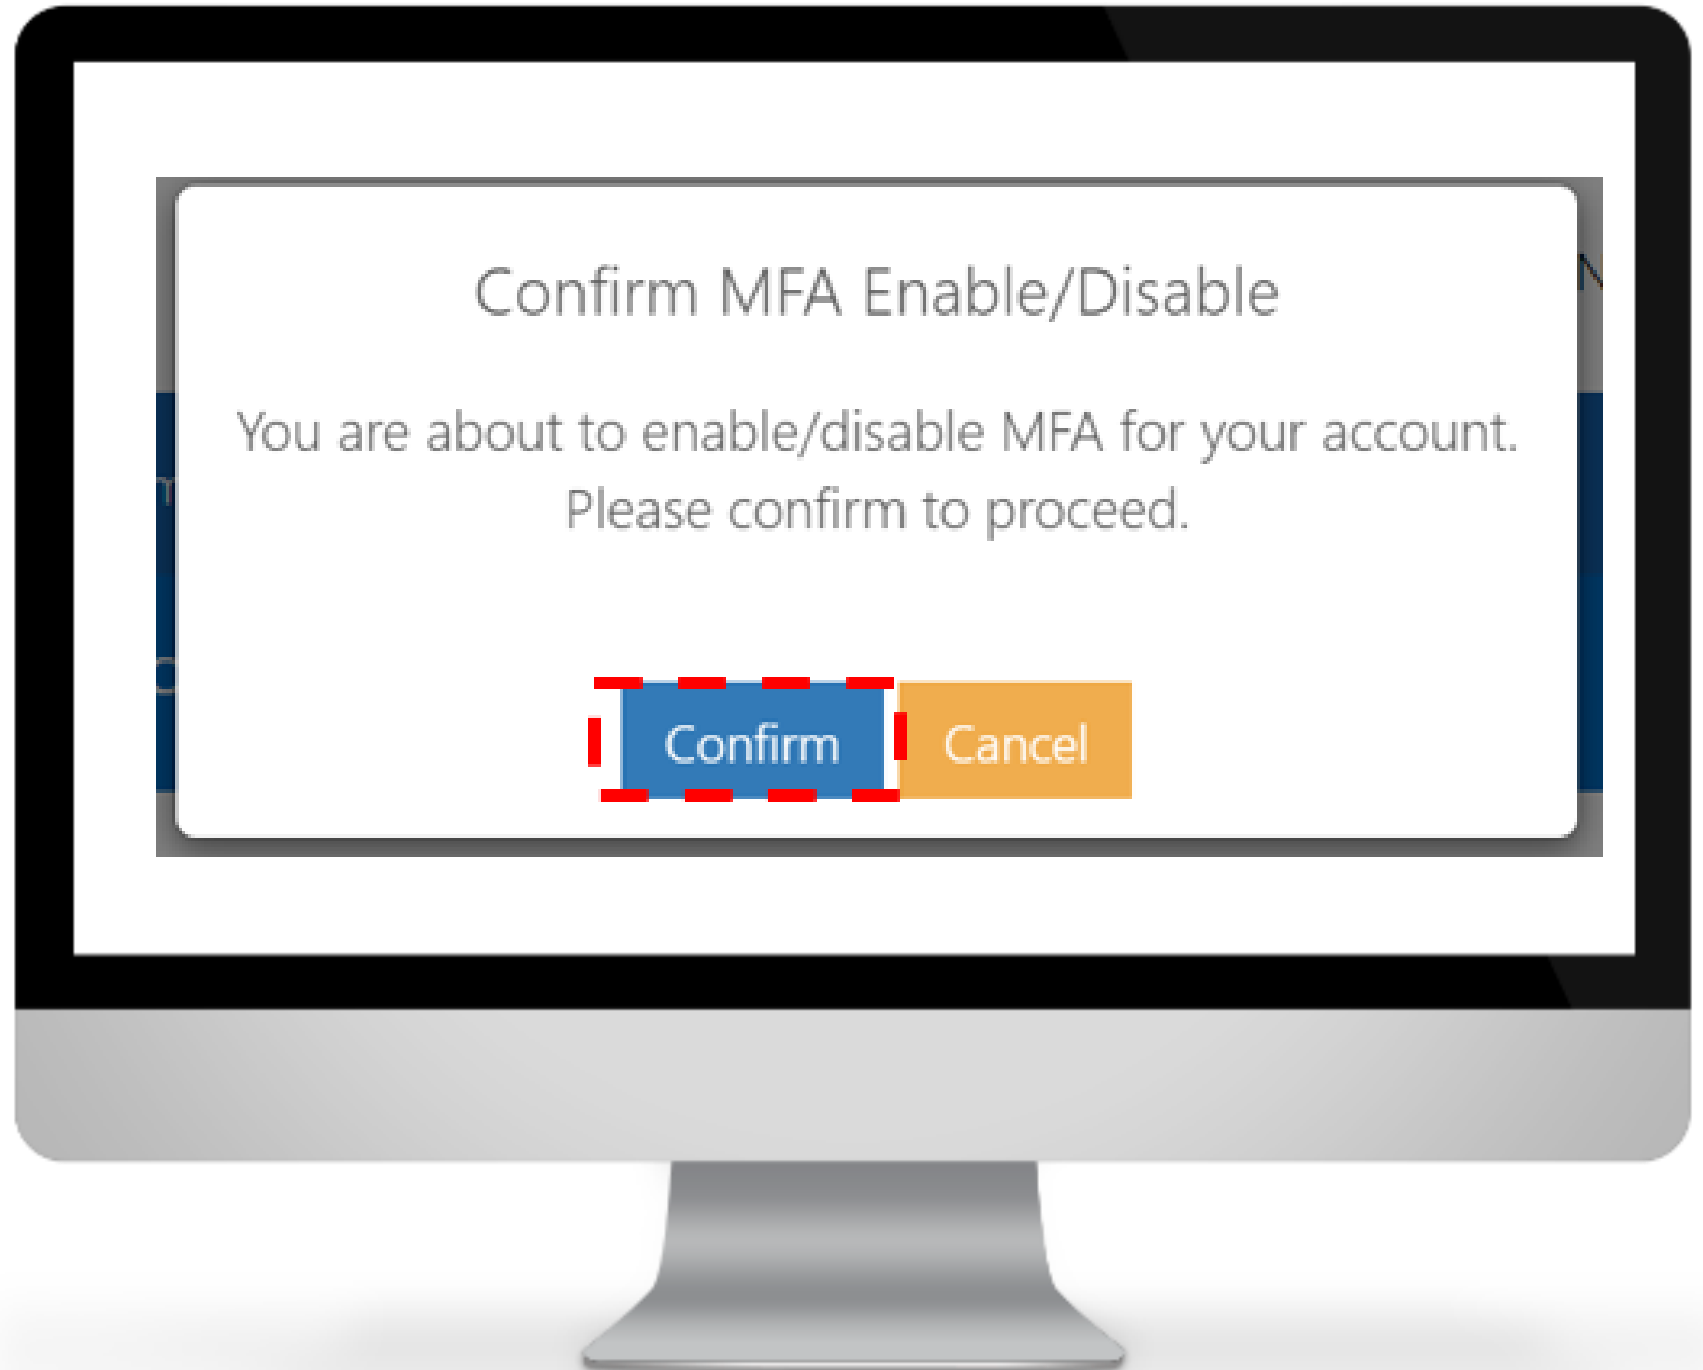

Step 4

Click **'Self-enrol'** for MFA

Step 5

Click '**Confirm**' to enable the MFA

Step 6

The following success message will be displayed

Note: Now that MFA is enabled on the account the authentication method (Mobile app, call, text message or FIDO2) requires to be set up. Please, select the method and follow the steps.
