2a	**Sponsorship presentation.** Jonathen Tether, Chiesi Ltd, presented to the meeting.	
3.	**Minutes of the last meeting – 8.5.24** **Humber LPC minutes:** Minutes of the last LPC meeting had been circulated prior to the meeting and were accepted as a true record.	
4.	**Matters arising from the last minutes:** The committee was now receiving the Virtual Outcomes report and where happy with the format.	
5.	**Commissioning support** **CH gave an update to the meeting:** The Meds Optimisation workplan was now agreed and is the same across the ICB. Main focus is cost prevention. They will be supporting the implementation of the asthma formulary.	
6.	**Healthwatch** Healthwatch are supporting the Core20PLUS5 – An approach to reducing health inequalities for children and young people. Focusing on children with Asthma, Epilepsy, Diabetes, Oral Health and Mental Health. Core20PLUS5 is a national NHS England approach to support the reduction of health inequalities at both national and system level. The approach defines a target population cohort and identifies '5' focus clinical areas requiring accelerated improvement. The approach, which initially focussed on healthcare inequalities experienced by adults, has now been adapted to apply to children and young people–the information below outlines the Core20PLUS5 approach for children and young people. **Pharmacy first** Highlighted some miscommunication between GP and Community Pharmacy, the referral should never have been sent to Pharmacy.	
7.	**Primary Care Networks** Caylee Walker would be taking over as PCN lead in Cygnet imminently. The LPC is looking to set up quarterly check-in teams meetings for anyone who wishes to join.	AB to progress
8.	**Winter season 2024/25** EOI for Covid finished. Some gaps in the provision, additional community pharmacies may be approached. Flu Start date scheduled for 3rd October, although September for pregnant women and care homes. Flu – issues with orders. GP practices may not be as engaged as usual.

9.	**Services** NL EHC service in talks. <u>PJM updated the meeting on the current situation with services:</u> <u>Signups</u> • PF:175 as 23/06/24 • SCS: 77 as 23/06/24 • PCS: 134 as 23/06/24 • HTCF:175 as 20/06/24 • LFD: 129 as 23/06/24 BP checks up across the region, NEL doing very well. 30% increase month on month. Hull not increasing – more support needed? **Hypertension Case Finding** • Work required to understand the reasons behind low uptake of ABPM consultations. • Nationally 3.5% of consultations are for ABPM, and it is believed that up to 34% of consultations should be eligible for follow up with ABPM. HNY has 5.90% ABPM consultations on average but need to review activity data to establish barriers to increasing ABPM consultations (see tables below) o Would like to hear feedback from pharmacies about the service and their experiences in order to showcase what is working well / share good practice. • 284/308 (92.2%) pharmacies registered (as of 06/06/24) **Covid Medicines Supply Service (CMSS)** • PO platform has been reviewed to establish if any changes needed due to change in eligibility criteria. Thanks to Caroline @ Humber LPC for updating the PO platforms and thanks to Chris Ranson for leading for the ICB. • Updated comms to be drafted for pharmacies due to change in eligibility criteria.	
10.	**IP Pathfinder** KT was unable to attend the meeting but sent an update prior to the meeting. 3 sites go live in July, Taff will go live 4th July 2024. Hypertension to start and then extend to minor ailments. AA and ADA will go live around August. Boots NL are waiting in CLEO (IT).	
11.	**CPE representative** No update brought to the meeting. Humber LPC have been supporting CPE with MP visits prior to the general election: • Martin Vickers has visited Riverside Pharmacy. • Rachel Storer visited Brocklehurst Pharmacy. • Emma Hardy to visit Newington pharmacy later that day.	
12.	**Control of Entry/Exit & PCSE** PJM update – See Appendix A. Humber contractors will soon be down to 183, and a further closure taking it to 182 by June 2024.
