11 Feb: London

25 Feb: Fareham

About our *Return to the register* programme...

...it runs for six weeks, guiding our learners step-by-step through our online workshops and e-course. Throughout, learners get access to tools and resources that support them in assessing their knowledge, skills and behaviours against the GPhC standards and building a portfolio of evidence to support their application for registration. Plus, we help our cohorts build an online peer support group as they go.

We are proud of this programme, so spread the word – or, if it's a fit for your needs, sign up. We can't wait to meet you.

Applications for the February 2026 cohort are now open.
