What's new at CPPE

CPPE has launched a new [Fundamentals of neurology](#) e-course to support pharmacists, pharmacy technicians and trainee pharmacists in delivering person-centred care for people living with neurological conditions. The self-directed programme includes an introductory unit and six condition-specific units covering migraine, epilepsy, stroke, acquired brain injury, myasthenia gravis and motor neurone disease.

If you would like to know more about how CPPE can support, you and your teams please contact
Reena Sharma Regional Tutor - reena.sharma@cppe.ac.uk
Tina Ramsay Regional Tutor – tina.ramsay@cppe.ac.uk

Optimise

Short group learning to support pharmacy teams, facilitate an optimise session for your colleagues. **New topics** released include [Sustainable respiratory care](#) and [Type 2 diabetes Optimising safe and personalised management](#). Find out more [here](#)

Early career pharmacists

Visit our dedicated [Early career pharmacists](#) pages on the website which signpost to resources to help you develop the knowledge and skills required as you start your pharmacist career.

If you or a colleague have **recently qualified** and work in Community Pharmacy or Health and Justice we have a programme which to support you, visit the website to find out more [Newly qualified pharmacist programme](#).

Trainee Pharmacists – have you created a CPPE Trainee Pharmacist account yet? Don't miss out on access to our full range of free learning resources and workshops [Register with CPPE](#)
We also have a foundation training support guide to download [Your foundation training year](#)

Role progression for pharmacists

If you are **considering becoming a prescriber** our [Preparing to train as an independent prescriber : CPPE](#) workshop and support to get you ready for your course.

If you have **not used your prescribing skills for some time** why not join the next cohort of [Return to prescribing](#) over a series of three workshops you will be supported to reflect on your knowledge and skills and identify resources and opportunities develop your confidence and competence in prescribing again.

Already a prescriber and **planning to safely broaden your practice**? The [Extending scope of prescribing](#), featuring an online workshop and access to a self-directed e-course this blended learning pathway is available to book now.

Are you considering a **change in sector or returning to community pharmacy** our [Return to practice programme](#) is here to support you, with places currently available for the April to July cohort.

Looking for resources to support you to **demonstrate advanced practice** visit our [Advancing practice for pharmacists page](#) ? This includes information about RPS core advanced frameworks and advanced credentialing, RPS faculty and a resource to help you advance your practice in the education and training of others.
