

Updated Hypertension Case-Finding Service

Latest FREE* Online Course

Do you know that patients signposted from **the GP** for a clinic test **must be over 40** with no prior diagnosis of hypertension?

Do you know that patients should be **informed prior** to starting the service that they may need **ABPM**?

Do you know when a patient has a **ABPM** that **the average** measurement should be recorded in the patient **usual waking** hours?

This training will answer **all** these questions and more.
